About our Coffee!

Working with a Raleigh, NC roaster, these organic coffee beans are roasted in small batches and shipped to your door. Our Blends come in regular and decaf. We are offering 1 pound bags of whole beans. Our BraveHeart Blend will be on sale through Summer 2010. In addition to being organic and fair trade, the beans are shade grown and produced in an earth friendly environment.

Regular: Our roasters describe this blend as being medium-heavy body with loads of earthy spice. Distinct sweet berry acidity and chocolate liquor finish.

Decaf: Very, very smooth with bottomless flavor. Mellow and delicious.
